 @delabrad

Goal *I want to design and build interfaces that are so awesome people want to use them and so intuitive you don't even have to learn how to use them*

Specialties

In short, being a design nerd.

Web/UI Design

I love a well-designed UI. My passion is designing intuitive, visually-appealing websites and web apps.

Programming

More than designing beautiful UIs, I love getting them to actually work.

Skills

HTML		SQL	
CSS/LESS		WordPress	
JavaScript		Photoshop	
jQuery		Illustrator	
Backbone		Flash	
PHP		ActionScript	
OOP			

Work History

Yellowstone Capital Lead Developer

Fall 2011 - Present

Designing and building websites, in charge of all the graphic work, developing brand strategies, handling email campaigns, usability testing, custom CMS functionality

Digital 10 Media Web Developer

Fall 2010 - Fall 2011

Helped establish an in-house creative department, designing and building custom websites/web apps, sketching screen flows/UIs, turning those cocktail napkin sketches into final products, database creation/management, develop/track email campaigns

Freelance Web, Graphic & Motion Designer

Summer 2009 - Fall 2010

Worked on a wide range of projects from creating user-research tool for a dorm-room furniture company disguised as a social networking site to turning a spring manufacturer's boring PowerPoint-esque logo animation into a flashy, exciting, 3D animation

Education

Kendall College of Art & Design Industrial Design

Fall 2007 - Spring 2010

University of Michigan Mechanical Engineering

Summer 2005 - Spring 2007

HIRE ME
